## **DETAILED ACTION**

### ***Reissue Applications***

The reissue oath/declaration filed with this application is defective because it fails to identify at least one error which is relied upon to support the reissue application. See 37 CFR 1.175(a)(1) and MPEP § 1414. *Specifically, all though the application as filed contains a declaration that specifically identifies one error in the patent, the error identified (claims were too narrow so claim 17 was presented), now claim 17 and all added claims are canceled, per Amdt E dated 4/8/03 and all of the remaining claims which are patented claims have either been narrowed or remain without amendment. Also patent claim 6 is not amended as reflected by the certificate of correction.*

Claims 1-16 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.
